Everone always has time for you

Excellent GP practice with wonderful staff members

Great staff. Easy to get appointments.

It is always a comfortable experience to come here, the welcome, treatment, pleasant surroundings. I feel very fortunate to be a patient here.

Outstanding in every way. Such a lovely team.

Always approachable. Great staff.

Excellent service, everyone very friendly and helpful. I would never want to change doctors.

I have been with this practuce since the 1970's. They have always been very helpful in every way.

Lovely doctors and team. Very efficient. Surgery not so big so not too many people sitting around when you're upset or in pain. Not too many doctors, so you don't get passed around, you get to see your doctor who knows your notes - MAKES SUCH A DIFFERENCE!

We have always found the doctors courteous and helpful, and also patient and willing to listen. Most times we do not have to wait too long when an appointment is needed as this is very important when one is feeling unwell. Good receptionists too.

Very good doctors and nureses. Reasonable visiting times.
